Better colours and coatings

CCS Colour Master Sealer and Colour Master Tint

CCS Colour Master sealer is a two-part sealer system used to colour plain concrete in domestic or light commercial applications. It is a high performing coating that provides rich, UV resistant colour in an opaque finish.

Slip Resistance

Talk to your applicator about enhancing slip resistance with CCS Sealer Grip Additive when applying CCS Colour Master Sealer.

Proven Performance

CCS Colour Master sealer is formulated with a strong resin made to withstand the harsh Australian weather conditions.

With over 20 years of experience, CCS sealers are proven to provide long term protection.
